PUNCHLINE

This Punchline Is No Joke!

Did you have trouble finding copies of the first printing of ***Batman #89*** or ***Year of the Villain: Hell Arisen #3?*** Don't blame the folks at your friendly neighborhood comic shop for the problem.

Blame Punchline.

Just in case you're one of the few who hasn't heard, this major new addition to Batman's villainous cast of characters makes her first appearance (barely) in a one-panel cameo in ***Batman #89.*** From there, her story continues into ***Year of the Villain: Hell Arisen #3.***

Of course, everyone who's ever had any interest in Batman wanted copies of these books. And so did the ever-growing numbers of buyers looking for The Next Hot Comic. As a result, demand for both books skyrocketed... but DC had already taken final order adjustments and set the print run before they shared the inside scoop on Punchline with comic shops, so there was no way for shops to increase their orders to the levels they would have liked. The result? Huge demand, less than huge supply... and that equals fast sellouts and huge demand on the secondary market.

Of course, DC is returning to press with new printings of both titles, which means that those who want to be able to read the story will have a chance to do so (in fact, those second printings should be on the shelves of your local comic shop right now, provided they haven't already sold out again). But what about those who'd like to get first printings of future Punchline appearances?

Thankfully, DC has shared a little more info regarding Punchline's upcoming appearances. For instance, we know that the origin of this enigmatic character will appear in ***The Joker 80th Anniversary 100-Page Super Spectacular #1,*** which is currently scheduled for April 29th release. This landmark issue will be offered with 10 covers—a standard cover, eight decade variants by an all-star array of talent, and a blank cover—so you can pick your favorite cover and still rest assured that you'll be able to enjoy Punchline's origin.

You'll also find Punchline in the pages of:

- ***Batman #92*** (in stores 4/1—and the variant cover on this issue will featuring the striking *Stanley "Artgerm" Lau* image originally listed as the variant cover art for ***Batman #94***—the very same piece of art you can admire on the cover of this issue of ***Comic Shop News***)
- ***Batman #93*** (in stores 4/15)
- ***Batman #94*** (in stores 5/6—and this one will now feature the *Francesco Mattina* variant cover originally scheduled for ***Batman #92***)
- ***Batman #95*** (in stores 5/20)
- ***Batman #96*** (in stores 6/3)
- ***Batman #97*** (in stores 6/17)
- ***Batman #98*** (in stores 7/1)
- ***Batman #99*** (in stores 7/8)
- ***Batman #100*** (in stores 7/15)
- ***Batman Secret Files #3*** (in stores 5/20)
- ***Nightwing #72*** (in stores 5/20)
- ***Nightwing #73*** (in stores 6/17)
- ***Nightwing #74*** (in stores 7/15)

And there may be more, since DC teases that "you'll never know where else she may pop up."

The good news is that there's still time for you to place preorders with your local comic shop for each of these, which should ensure that you always get the Punchline over the next few months.

DiDio Leaves DC

Dan DiDio, the man who has been the face of DC for almost a decade (since joining *Jim Lee* as co-publisher of the company in 2010), is no longer a member of DC's editorial/publishing staff, as of February 21st.

DiDio has worked at DC for 18 years, joining the company in January of 2002 as an editorial vice president. He has also written for DC off and on during those years, most recently the 12-issue miniseries ***The Metal Men,*** illustrated by *Shane Davis.* Davis has confirmed through social media that he and DiDio will complete the series, which should wrap up in September.

No public reasons were given for DiDio's departure from DC, nor has there been any word on whether or not he will be replaced. *Jim Lee* remains on board as DC's sole publisher.

Generation Five, a bold new DC initiative that will expand on DC's new "everything happened" continuity and may introduce a number of new characters, was a DiDio program. Reportedly, its development will continue despite his departure. ***Generation One,*** the first of five monthly oneshots exploring DC's revamped continuity, is scheduled for May release.
